## **The Canadian COVID-19 Emergency Department Rapid Response Network (CCEDRRN): Rationale, Methods & Results**

In March 2020, the Canadian COVID-19 Emergency Department Rapid Response Network (CCEDRRN) harmonized data collection on COVID-19 tested patients presenting to Canadian Emergency Departments with the aim of creating a high quality data set to enable observational studies to support pandemic decision-making. This presentation will provide an introduction to this ongoing research collaborative. We will discuss the rationale, methods, and results of the first published studies on COVID-19 diagnosis, treatments, outcomes, prognosis and clinical decision-making.

### **Presenter**

**Corinne Hohl, MD FRCPC MHSc**

Associate Professor, Department of Emergency Medicine, UBC

Attending Physician, Emergency Department, Vancouver General Hospital

C2E2 Associate Member

C2E2 Spotlight is held monthly on the second Mondays of the month from 12:00 pm to 1:00 pm in the VGH Research Pavilion, Room 700, 7<sup>th</sup> Floor, 828 West 10th Avenue, Vancouver, BC.
