Strategies to Support Ethical, Safe, and Effective Use of Generative AI/LLms in Healthcare Research Activities

This presentation will focus on strategies to support ethical, safe and effective use of Generative AI/Large Language Models (GenAI/LLMs) in healthcare research activities.

The objectives are:

1. To understand key underlying concepts of GenAI/LLMs
2. To identify potential areas for the discerning use of GenAI/LLMs in healthcare research activities
3. To share strategies that can mitigate concerns and optimize ethical, safe and effective use of GenAI/LLMs in healthcare research activities

Presenters	**Alison Hoens**
	Knowledge Broker & Clinical Professor; University of BC, Arthritis Research Canada, Physiotherapy Association of BC
	Research Associate; Centre for Advancing Health Outcomes UBC
	Pascal Bolla
	PT & Clinical Informaticist

C2E2 Spotlight is held monthly on Mondays from 12:00 pm to 1:00 pm. To attend in-person or virtually please contact pamela.lee@ubc.ca.
